Accordion Tag Cloud – Overview

Accordion Tag Cloud · https://publishpress.com/knowledge-base/accordion-tag-cloud/

The Accordion Tag Cloud feature in the Tag Groups plugin allows you display a tag cloud with your groups as accordion panels. You can use either shortcodes or Gutenberg blocks for this feature.

Here's a screenshot of the Accordion Tag Cloud feature from our demo site. We've added the post count and a color format for each term.
