Bulk Actions for Groups on the Tags Screen

How to Use Groups for Tags · https://publishpress.com/knowledge-base/bulk-actions/

The Bulk Edit tool from Tag Groups lets you assign multiple tags to one group, or unassign them all at once. This can be done via the "Tags" screen.

Follow these step to quickly assign multiple tags to a group:

1. Go to the "Tags" screen.
2. Select multiple tags using the checkboxes in the left column,
3. Choose a group in the second drop-down menu. You can see this menu is expanded in the screenshot below.
4. Click "Apply".
