Create an Upgrade Paths

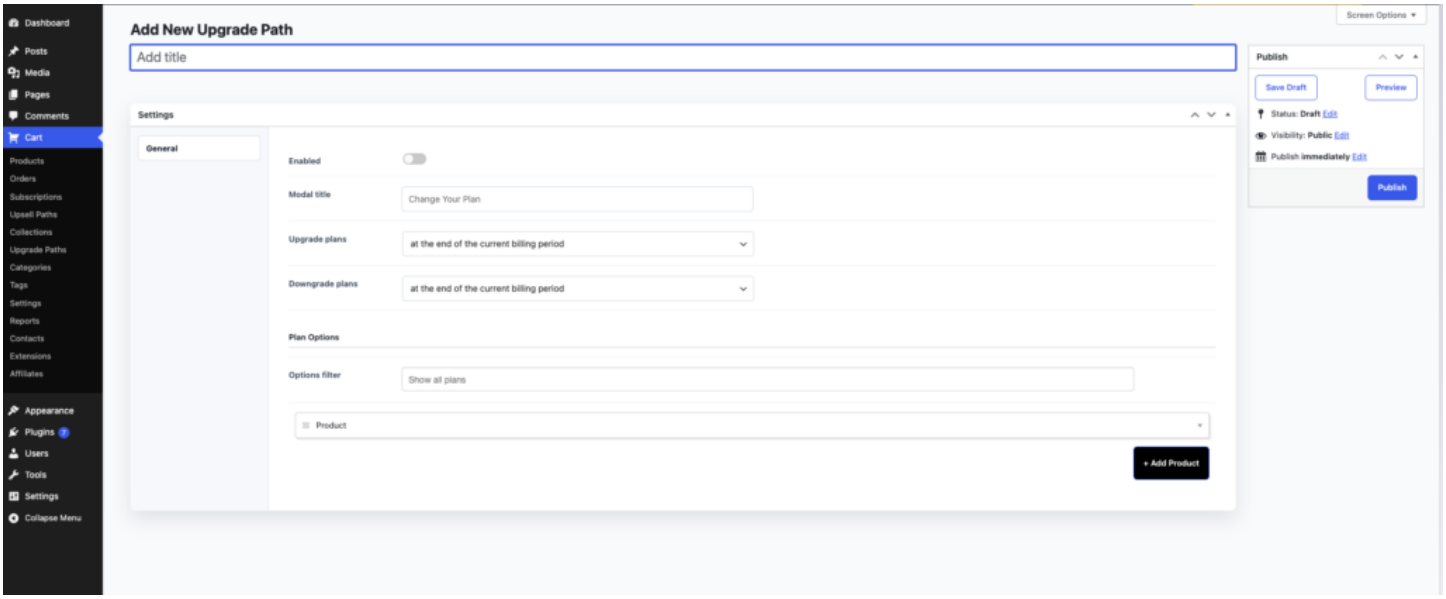

Upgrade Paths · https://publishpress.com/knowledge-base/create-an-upgrade-paths/

Upgrade Paths is a feature that allow you to add Upgrade and Downgrade functionality to the account page. Here is the guide on how to create it:

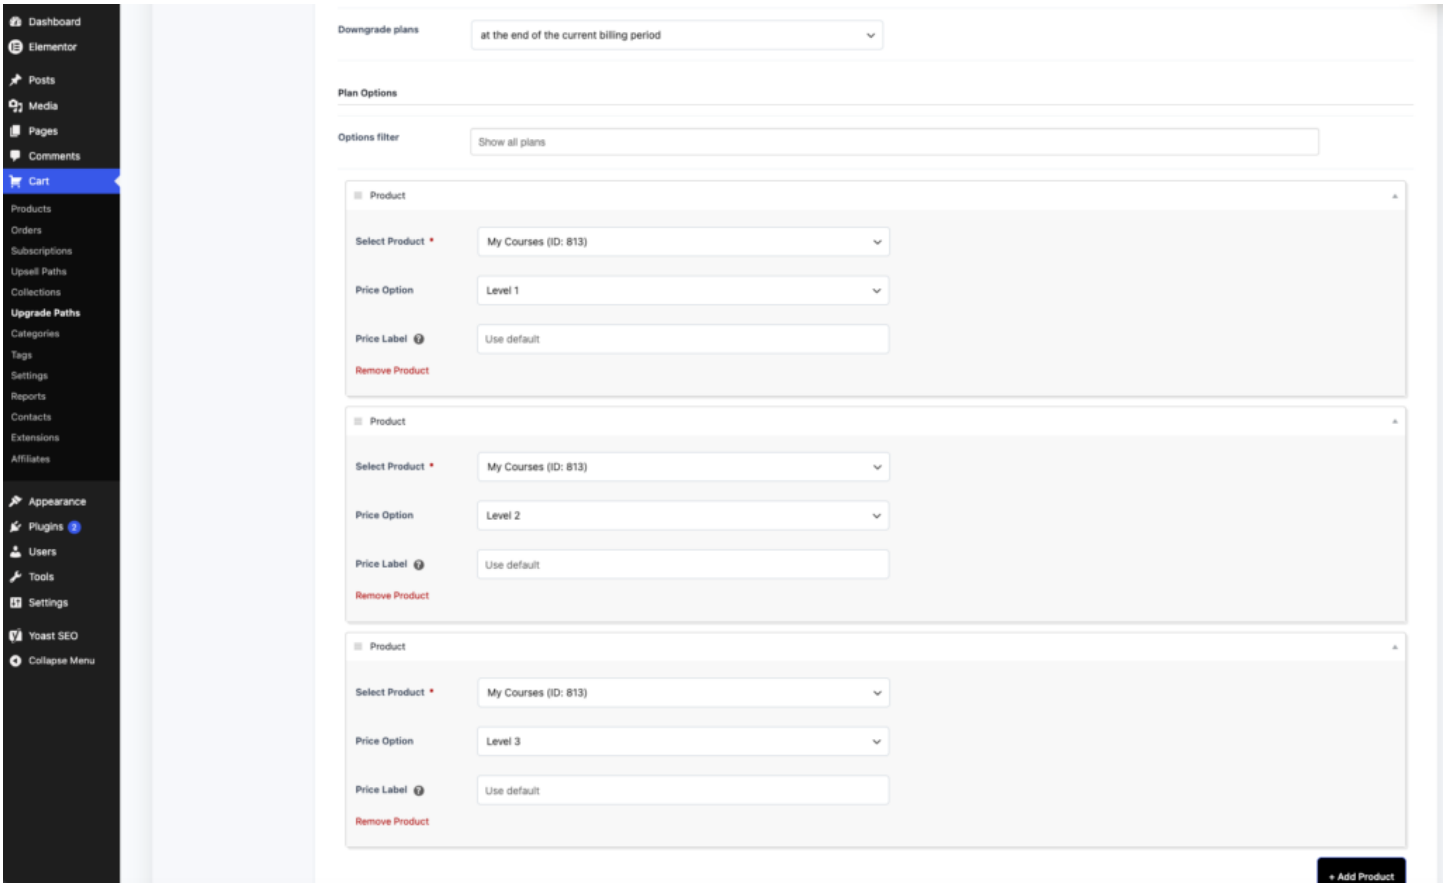

- Go to **WP-admin > Cart > Upgrade Paths**, then click "Create Upgrade Paths"

- Then you will be redirected to this Upgrade Path screen:

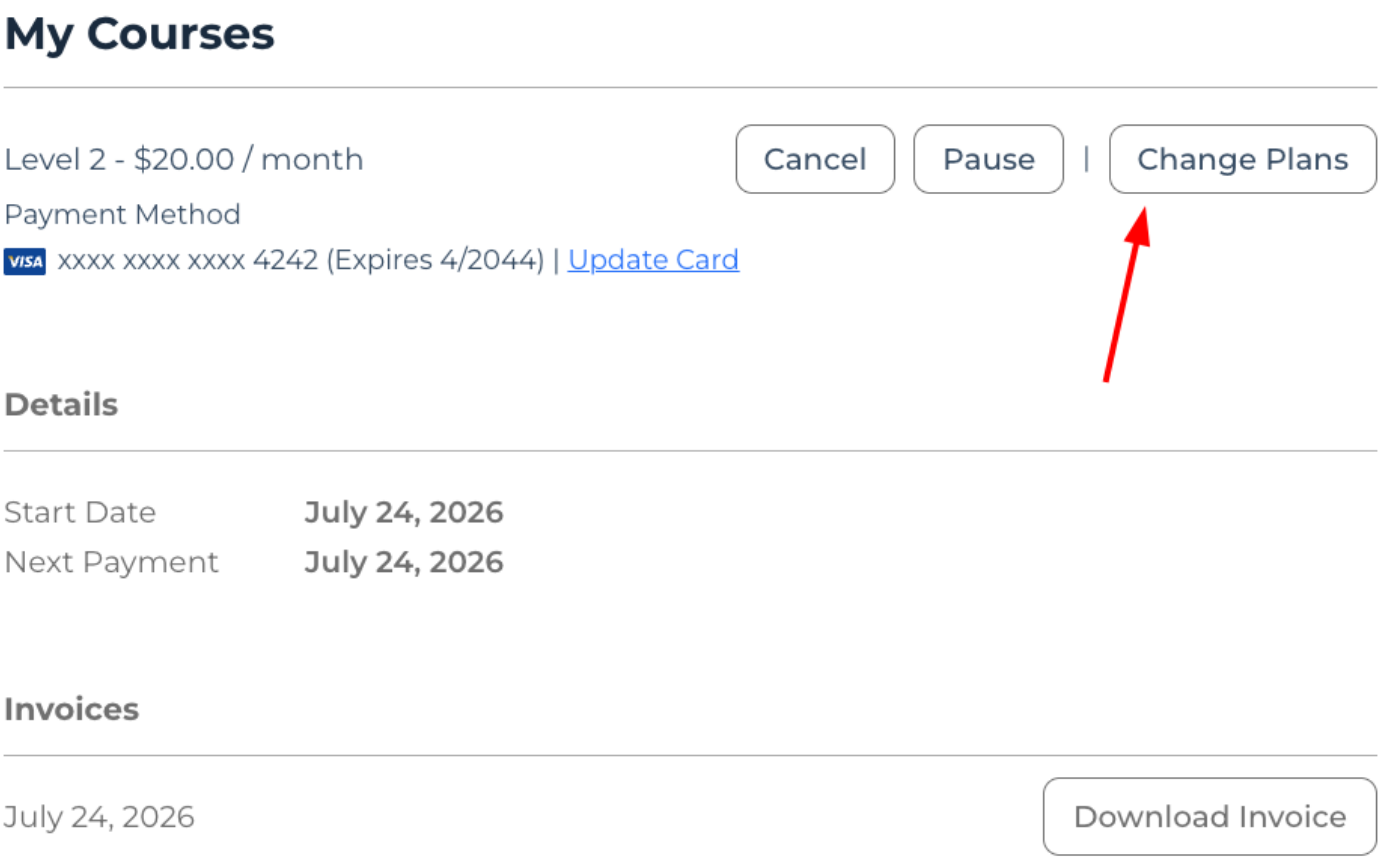

- First you fill in the title, then enable it. You can choose to upgrade/downgrade **at the end of billing** or **immediately**.
- Next, you need to add the product and all the plans you want to added:

- After you are done, you can publish it.

- Whenever the customer on the account page, they will see "Change plans" button:

- If it's being clicked, it will show the 3 plans that you added on Upgrade Paths:
