Getting Started with PublishPress Planner

Getting Started · https://publishpress.com/knowledge-base/start-planner/

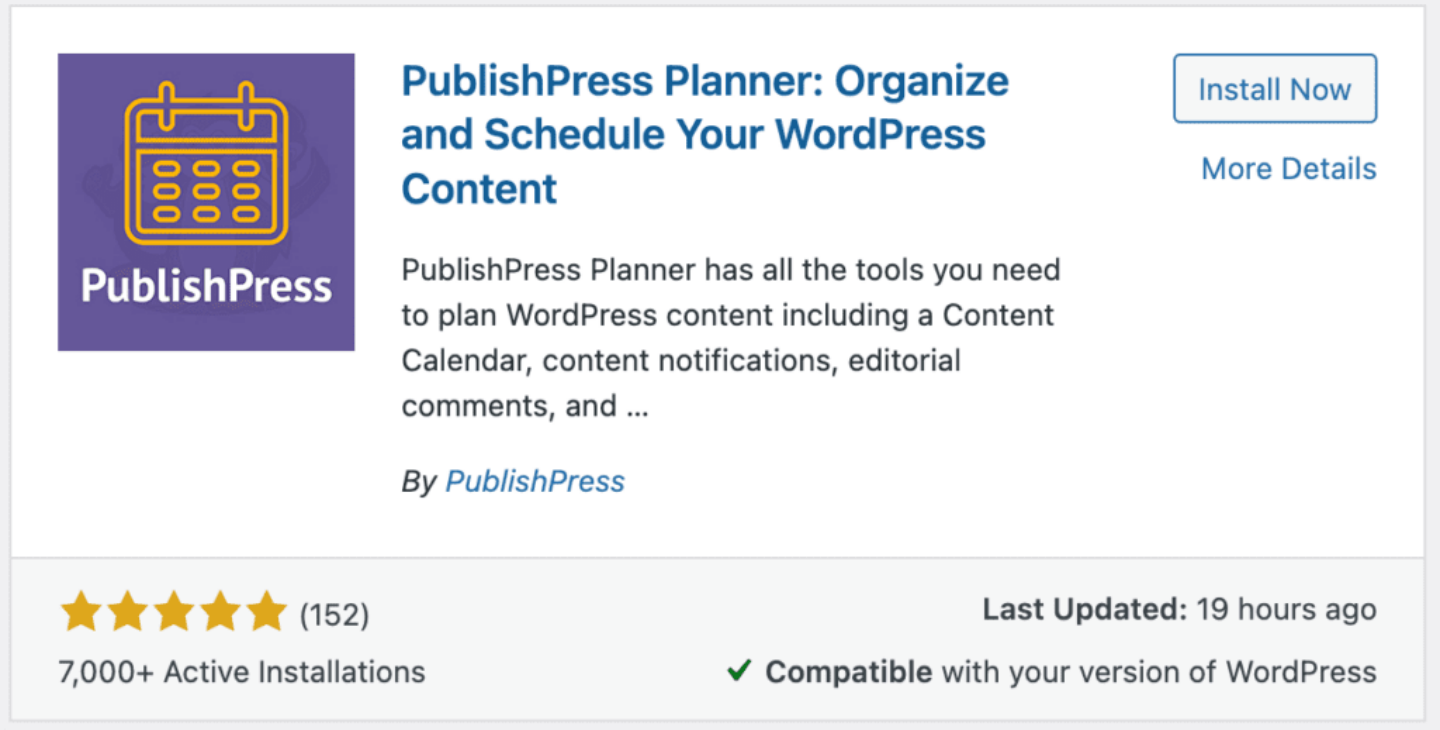
PublishPress Planner is the plugin for managing and scheduling WordPress content.

This is a guide to installing the PublishPress Planner plugin. These guides have useful background information as you're getting started:

- Technical requirements for our plugins.
- How to move from Free to Pro plugins.

Install the Free version of PublishPress Planner

- Log in to your WordPress dashboard.
- Go to "Plugins", then "Add New".
- Search for "PublishPress Planner".
- You will see the image below as a result. Click "Install Now".



- Click "Activate".
- You will now see Planner in your WordPress admin menu.
