I Cannot Use Multiple Tag Clouds on the Same Page

Tag Groups: Troubleshooting · https://publishpress.com/knowledge-base/i-cannot-use-multiple-tag-clouds-on-the-same-page/

Please make sure that the shortcode parameter div_id (or table_id) or the corresponding field in the block is either omitted or empty or, if you choose to use it, to enter something different for each tag cloud on a page, including those in widgets.
