Latest Series Widget

Series Widgets · https://publishpress.com/knowledge-base/series-widgets-latest/

The PublishPress Series plugin provides two widgets you can use to display your series:

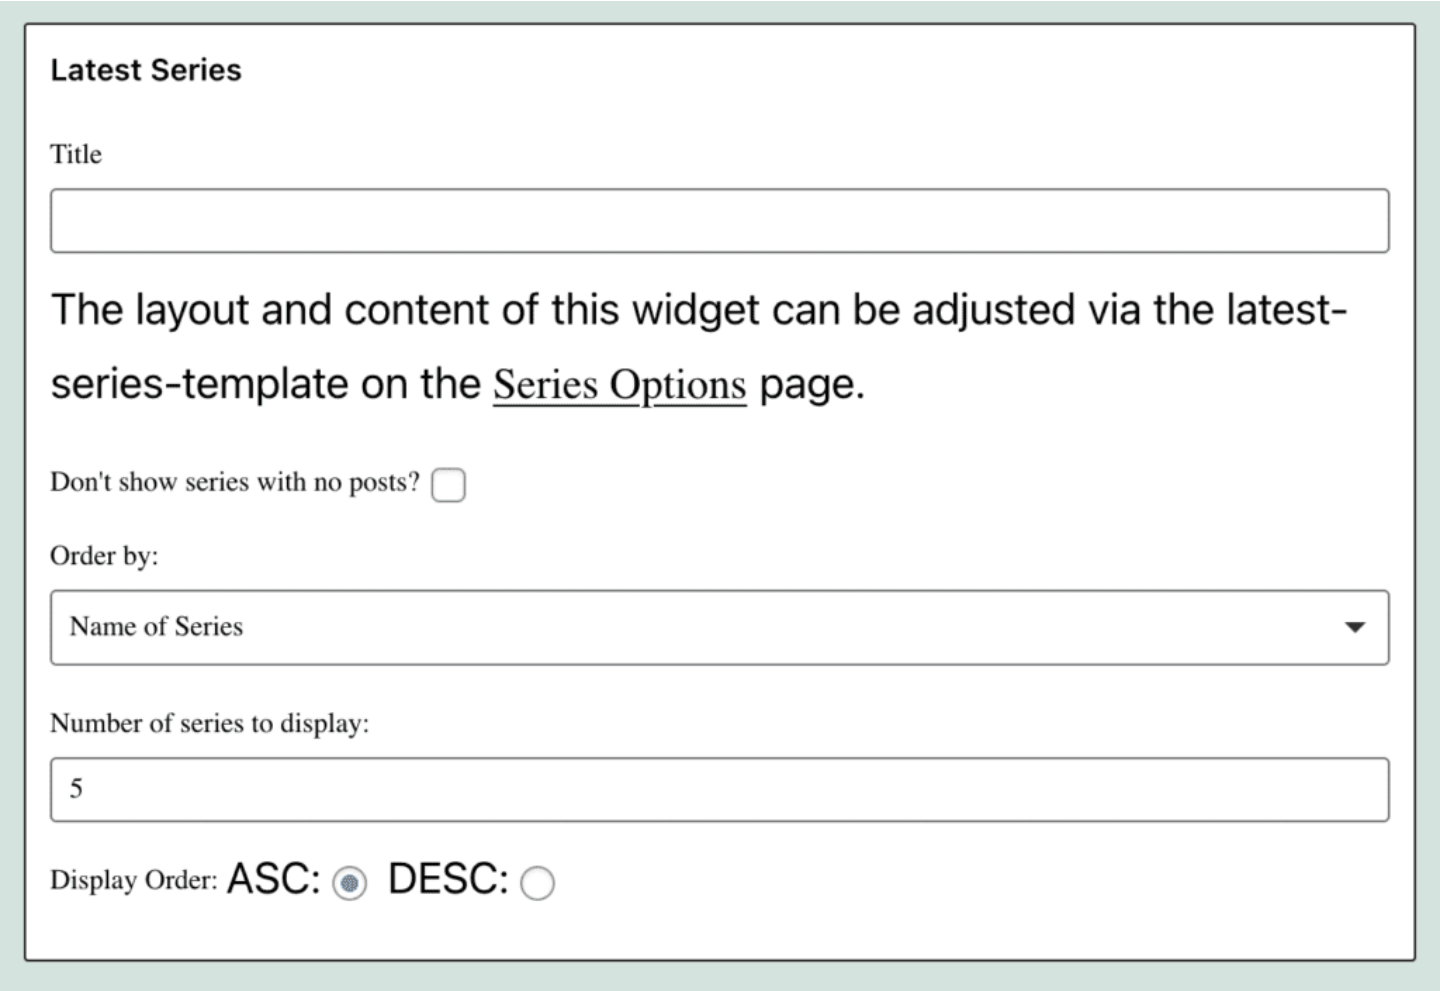

- Series Table of Contents
- Latest Series

In this guide, we'll show you how to use the Latest Series widget. This image below shows how the widget may appear on your site:

Latest Series

This widget will show the most recently published series on your site. This image shows the settings for this widget.
